Qosina Lighted Curettes

Edgewood, N.Y., December 19, 2005 – Qosina is proud to present [single-use lighted curettes](#). Our unique curettes have a safe, internal battery powered LED light source providing full illumination in difficult to see locations. This convenient component permits single-handed use by eliminating the need for a separate electric light source. The light source attaches to the curette with a simple push and twist. Single-use curettes reduce cross-contamination and re-sterilization costs. The polycarbonate curettes are available with a choice of tips for a variety of applications.

- Q2210 [Lighted AngleLoop™ Curette](#), 50 pcs with 1 Light Source
- Q2220 [Lighted MicroLoop™ Curette](#), 50 pcs with 1 Light Source
- Q2230 [Lighted WaveCurette™](#), 50 pcs with 1 Light Source
- Q2240 [Lighted FlexLoop™ Curette](#), 50 pcs with 1 Light Source
